

# **GOODWATER MONTESSORI**

## *Public Charter School*

Facilities Board Report

April, 2024

- 1) Gates and all perimeter fencing have been installed. Fencing and gates around the orchard are complete, but gates need to be configured to follow the safety and security measurements for an outdoor classroom.
- 2) The raceway for the cabling to the gates for card reader access has been installed. Cothrons Safe and Lock will install the cabling, adjust gates for locking mechanisms, and install card readers.
- 3) The portable building will need to be removed by July, 2024. We are in the process of scheduling that with Willscot.
- 4) Cameras and quarry rocks will be budgeted in Safety and Security once all mandatory elements are complete.
- 5) Curb repair to the front sidewalk area is planned for Summer, 2024.
